Getting Started

All projects begin with a FREE consultation from which we will help you choose the options that best fit your needs. You will receive a written proposal outlining the job specifics, along with a price quote. A minimum 50% deposit must be paid to begin work and the remainder is due after the completed website is published on the Internet. All refund requests *must* be made within 24 hours of initiating the project. We will refund your deposit minus a 10% administrative fee. No refunds will be given after work has begun.

NOTES:

DWP Music Services will design all the graphics and artwork necessary in the creation of the site layout. You are responsible for providing all job specific photos, graphic images, media, and text content. These files must be in digital format, either on CD, floppy disk, or sent via email.

All hosting and domain registration is done through third-party companies. *The turnaround time is *approximate*, and is subject to change if all the materials are not provided at the start of the project.

Acceptable Formats:

Graphics & Photos – TIFF, JPEG, BMP, or GIF files only.

Text Content – MS Word or Notepad files only.

Audio Media - CDA, WAV, MP3 files only.

Video – MPEG, AVI, WMA, DivX, FLV, SWF

All prices are subject to change without notice. Please call to confirm prices. **248-545-6612**
